

Physical Demands Description Workshop

September 8-9, 2010, Cambridge (Ayr), Ontario 8:30 a.m. - 4:30 p.m.

Register soon for a two-day, hands on program where you will learn to complete and validate your own concise 2-page report to summarize physical job requirements!

You will learn to:

- Describe the 5 "Ws" of PDDs
- Use tools to measure force, posture, and repetition
- Discriminate between essential and non-essential duties
- Measure & document workstation parameters
- Describe environmental demands
- Write a concise physical demands analysis report, including photographs to show key postural demands

Your course fee includes:

- Course manual, spring scale, tape measure, clip board, stopwatch, and quick reference sheet
- Lunch and refreshments

Who will benefit:

- Health & Safety Professionals
- Claims Managers
- Kinesiology Co-op Students
- Job Placement Coordinators
- Human Resource Coordinators
- Refresher training for Ergonomists
- Occupational Health Nurses
- Modified Work Committee members
- Anyone involved in disability, return-to-work and rehabilitation

Registration: Fax this to 519 632-7469, or call for info: 519 632-5103

Or mail it with your cheque to Taylor'd Ergonomics at P.O. Box 1107, Ayr, ON N0B 1E0
