What distinguishes our training?

Key features that are common to all of our workshops:

- We let you know **what to expect in advance**. You will receive a confirmation letter telling you how to prepare for the workshop, and what to expect.
- Our energetic **course facilitators** are all ergonomists with training and experience in instructional techniques, who are genuinely interested in your learning.
- Our **objectives** are clear. At the beginning of each section, we tell you what you will be learning in that section.
- We **simplify** and make the material as user-friendly as possible!
- People really *learn* in our training, because we are committed to **skill-based training** based on adult learning principles.
- Quick references** ensure that key information is readily available after the training. We provide easy-to-use guides and checklists.
- Case studies allow **real-life application** of the course material.
- Our courses are **competency-based**, ensuring value for your investment. Certificates are available to those who complete the workshop quiz. (Letters to confirm attendance are issued to those who "audit" the course.)
- We **limit enrolment** to 12 people, to ensure lots of individual attention and ample opportunities for participation.
