We strive to provide training that is accessible to all. Please let us know how we can help.

What distinguishes our training?

Key features that are common to all of our workshops:

- We let you know **what to expect in advance**. You will receive a confirmation letter telling you how to prepare for the workshop, and what to expect.
- Our energetic **course facilitators** are all ergonomists with training and experience in instructional techniques, who are genuinely interested in your learning.
- Our **objectives** are clear. At the beginning of each section, we tell you what you will be learning in that section.
- We **simplify** and make the material as user-friendly as possible!
- People really *learn* in our training, because we are committed to **skill-based training** based on adult learning principles.
- Quick references** ensure that key information is readily available after the training. We provide easy-to-use guides and checklists.
- Case studies allow **real-life application** of the course material.
- Our courses are **competency-based**, ensuring value for your investment. Certificates are available to those who complete the workshop quiz. (Letters to confirm attendance are issued to those who "audit" the course.)
- We **limit enrolment** to 12 people, to ensure lots of individual attention and ample opportunities for participation.
