

Taylor'd Ergonomics Incorporated

msd hazard identification workshop

www.taylordergo.com

Course length:
8 hours

What will you learn?

Participants will practice in using the tools that are included in the **MSD Prevention Guideline's "Hazard Identification Tools"**.

You will learn to:

- Use key tools included in the tool box, such as discomfort surveys, feedback surveys, workplace inspection checklists, computer work station checklists, and more
- Survey and ask for worker input
- Effectively use the risk assessment checklist ("RAC")
- Identify when and why an in-depth risk assessment should be done
- Set an action plan for implementing the new MSD Prevention Guidelines

What do participants get?

- Detailed course manual
- Copies of the Ontario MSD Prevention Toolbox documents
- Lunch and refreshments

What is the cost?

Open enrolment fee: \$355 + hst, per person.

(Our facility accommodates persons using personal mobile or assistive devices. We welcome service animals and support persons required to assist those with a disability, at no extra charge.)

On-site cost: \$2150 + hst + materials (\$45/person, not including lunch/refreshments) + mileage/accommodation expenses.

Course customisation and post-course ergonomist support are also available at an additional cost. For a detailed quote, please contact us at 519 632 5103.

Who should attend?

- Health and safety professionals
- Ergo team members
- JHSC members
- Safety coordinators

How do I register?

Fax this form, with a purchase order number, to **519 632 7469**. Alternatively, mail this form with a cheque, to the address shown at the bottom of this page. Your registration will be confirmed by email. Sorry, we do not accept credit cards. Cancellations made within one week of the workshop will be subject to a \$100 charge. However, we welcome substitutions at any time, at no extra charge.

Please register me/us for the session in Ayr (Cambridge) on:
 April 10, 2013

We strive to provide training that is accessible to all. Please let us know how we can help.

What distinguishes our training?

Key features that are common to all of our workshops:

We let you know **what to expect in advance**. You will receive a confirmation letter telling you how to prepare for the workshop, and what to expect.

Our energetic **course facilitators** are all ergonomists with training and experience in instructional techniques, who are genuinely interested in your learning.

Our **objectives** are clear. At the beginning of each section, we tell you what you will be learning in that section.

We **simplify** and make the material as user-friendly as possible!

People really *learn* in our training, because we are committed to **skill-based training** based on adult learning principles.

Quick references ensure that key information is readily available after the training. We provide easy-to-use guides and checklists.

Case studies allow **real-life application** of the course material.

Our courses are **competency-based**, ensuring value for your investment. Certificates are available to those who complete the workshop quiz. (Letters to confirm attendance are issued to those who "audit" the course.)

We **limit enrolment** to 12 people, to ensure lots of individual attention and ample opportunities for participation.
